About the Society

The Ohio Stereo Photographic Society was formed in May 1997 to promote stereoscopic photography among its members and to the general public. The Ohio Stereo Photographic Society is a group of stereo photography enthusiasts based in Northeast Ohio but with members across the state and the country. We are actively involved with US and International Stereo groups and are working actively to keep 3D photography alive and well.

The sponsors of this International Exhibition of Photography have been awarded Recognition by the Photographic Society of America (PSA), the world's largest patron of international photographic exhibitions. PSA, although it has provided recognition, is neither a sponsor nor directly involved in the operation of this exhibition.

Valid acceptances received by PSA Members in recognized sections of this exhibition are eligible for PSA Star Ratings, listing in the world-wide PSA *Who's Who of Photography* and credited towards the PSA Distinctions of QPSA, PPSA, EPSA, MPSA, MPSA2, GMPSA, GMPSA/B, GMPSA/S, GMPSA/G and GMPSA/P.

PSA is a non-profit organization promoting the advancement of photography in all its forms to novice, amateur and professional photographers worldwide. For information on membership and the many services and activities of PSA, contact:
